

## ORGAN MUSIC IN AMERICA

William C. Carl of New York, One of Best Known Organists in Country, Says Activity of Organists and Organ Students in the United States Today is Without Parallel.

NEW YORK, Nov. 13.—The activity of organists and organ students in the United States of America today is without parallel in any part of the world. Where can one have the opportunity of attending from six to eight organ recitals in a single week and not only one but several weeks in succession during the musical season in the City of New York.

It is a remarkable achievement and deserves more than passing notice. The American public is fond of organ music. This has been proven over and over again. Until within a few years, the organ was considered to be intended solely for the church service. We now find the instrument in our concert and municipal halls, theaters, hotels, department stores and still nearer, in many private residences from Maine to California.

Many of our millionaires have their private organists and we can also boast of several city organists, all of whom are doing splendid work, and their frequent recitals attract enormous audiences.

Our builders are vying with each other in the endeavor to more and more perfect their instruments, and to add improvements calculated to meet the growing demands of the day. American composers are rapidly coming to the front, and making a name that will endure for all time.

Europe is beginning to wake up and take notice of us, and well they may, for one finds no such demand for the organ or organ music in the old world today. England, for instance, can boast of many great organists in the cathedrals and concert halls, so can France, Germany, Switzerland, Austria, Hungary, Spain, Italy and Russia have less, but in many instances fine organs. When can you hear them? On the continent rarely outside of the regular church service, with the exception of Switzerland, where a large number are played during the summer season for the tourists. England and France have more, but although many of the world's greatest artists are there, the opportunity of hearing them at frequent intervals during the week is not as great as here. The number of organ students in America at the present time is legion and many possess talent of no mean order. It should not be inferred that New York City is the only place to hear recitals, but in all our large cities, and as well as in numerous towns throughout the country the demand is growing, and both resident as well as visiting organists are being heard. I have often observed in small towns, and remote cities, that a Bach Fugue would be the "piece de resistance" and the only encore number during the course of a recital. This speaks well for the intelligence and musical taste so rapidly being developed by the concert going public.

## WOMAN SICK FOURTEEN YEARS

Restored to Health by Lydia E. Pinkham's Vegetable Compound.

Elkhart, Ind.:—"I suffered for fourteen years from organic inflammation, female weakness, pain and irregularities. The pains in my sides were increased by walking or standing on my feet and I had such awful bearing down feelings, was depressed in spirits and became thin and pale with dull, heavy eyes. I had six doctors from whom I received only temporary relief. I decided to give Lydia E. Pinkham's Vegetable Compound a fair trial and also the Sanative Wash. I have now used the remedies for four months and cannot express my thanks for what they have done for me.

"If these lines will be of any benefit you have my permission to publish them."—Mrs. SADIE WILLIAMS, 455 James Street, Elkhart, Indiana.

Lydia E. Pinkham's Vegetable Compound, made from native roots and herbs, contains no narcotic or harmful drugs, and to-day holds the record of being the most successful remedy for female ills we know of, and thousands of voluntary testimonials on file in the Pinkham laboratory at Lynn, Mass., seem to prove this fact.

If you have the slightest doubt that Lydia E. Pinkham's Vegetable Compound will help you, write to Lydia E. Pinkham Medicine Co. (confidential) Lynn, Mass., for advice. Your letter will be opened, read and answered by a woman, and held in strict confidence.

**"CASCARETS" CLEANSE LIVER AND BOWELS**

Cure Sick Headache, Constipation, Biliousness, Sour Stomach, Bad Breath—Candy Cathartic.

Get a 10-cent box now. Are you keeping your liver, stomach and bowels clean, pure and fresh with Cascarets—or merely forcing a passage way every few days with salts, cathartic pills or castor oil? This is important.

Cascarets immediately cleanse the stomach, remove the sour, undigested and fermenting food and foul gases; take the excess bile from the liver and carry out of the system the constipated waste matter and poison in the bowels.

No odds how sick, headachy, bilious and constipated you feel, a Cascaret tonight will straighten you out by morning. They work while you sleep. A 10-cent box from your druggist will keep your head clear, stomach sweet and your liver and bowels regular for months. Don't forget the children—their little insides need a gentle cleansing, too.

## EVIDENCE OF THEFT FOUND.

Year After Train Robbery Stolen Securities Confound Prisoner.

PARIS, Nov. 13.—In October of last year a daring robbery was committed from the mail van of a Bordeaux-Marseilles express train and among other valuables stolen was a bundle of securities worth several hundred thousand francs.

Four were arrested in connection with the theft, and they were to be tried at the Assize court on October 14, but there was little tangible evidence against them.

One of the prisoners was an ex-railway employee named Louis Bons. A few days ago an uncle of Bons, who had been looking after the prisoner's house since his arrest, sold a pile of old wood which had been for some time against a wall of the house.

These prices are f. o. b. Pendleton, with full equipment, including a \$50 speedometer, eight-day clock, Delco electric starter, and lighting system, wind shield, top, electric horn, extra tire to carry on rear, extra rim, tube and tire cover and set of weed chains.

## Back of the BUICK and every BUICK OWNER

An Automobile Factory and Service Organization of Almost Unbelievable Size—A nine-year record of surpassing power, reliability, durability and economy—One hundred and fifty thousand and enthusiastic owners—A National chain of Branch Houses and Service Stations close-linked—The pick of the country's substantial service-giving dealers—Every advance feature of design and equipment affords insurance against an obsolete car and slumping value.

Let your business judgment carefully weigh these and other merits of the Buick. The purchase and ownership of a car need not be only an expense. A Buick is an investment.

Look to the strength and assured permanence of the makers. Look to its record of service in any locality under all conditions of usage. Note particularly cost of upkeep—fuel and repairs.

**Overhead Valves—More Power—Less Fuel**  
The greater power of the Buick overhead valve motor is guaranteed. Its greater mileage per gallon of gasoline is guaranteed. Its ability to use lower grade fuel is guaranteed. There is enough argument in this motor alone to carry your business judgment, for the largest automobile manufacturing concerns unqualifiedly make this statement: "The Buick overhead valve motor is guaranteed to develop more power and give greater mileage per gallon of

fuel than any other motor of its size, either American or foreign make.

**DELCO SELF-STARTING, LIGHTING AND IGNITION SYSTEM**  
It's a part of every car, supremely dependable. Measures up to Buick standards in every detail of construction—and in performance. Built into the motor. Furnished at no extra cost.

**SIX MODELS—1 AND 6 CYLINDER—LEFT DRIVE—CENTER CONTROL**  
There is a Buick model for every man who intends to buy any car. Look closely to each item of probable expense, compare carefully every detail, and the Buick will appeal to you as the logical car to buy. In making comparisons count what you get; count upkeep cost; count market value after months or years of use; count daily satisfaction in certainty of service, comfort, convenience, appearance and pride of ownership. Make your purchase a service investment.
